

To Whom It May Concern:

It is my pleasure to recommend Cory Brookes for a position with your firm. Over the past two years, I have hired Cory for several projects ranging from logo and identity system set up to website design. He is among the most talented, enthusiastic and easy-going people I've worked with.

It is my personal opinion that Cory is a brilliant designer. His imagination and technique of design are indeed very special...qualities that I've had the opportunity to use, enjoy and admire. Cory's work is characterized by his use of strong design principles coupled with his brilliant creativity and sense of relevance. Although Rocket is limited by our lean budget, our website and printed materials are highly effective and frequently complimented.

Because of Cory's design and computer skills, I believe he is an exceptionally strong candidate for any position that would require a combination of creativity and technical know-how. I give Cory the highest recommendation, both personal and professional, and I am certain that he will be a great asset to any organization to which he lends his talents and enthusiasm.

Should you require more information, or have questions about Cory's work, please give me a call. (415) 242-3180.

Sincerely,
